## **Canadian Lumber Standards Accreditation Board appoints new President and CEO**

Mr. Léandre Cormier, CLSAB Chairman of the Board and I are very pleased to announce the appointment of Mr. Chuck Dentelbeck as its new President and Chief Executive Officer. Mr. Dentelbeck will be spearheading quality management in Canada's lumber industry beginning January 18, 2010.

Mr. Dentelbeck who most recently was President of the Dentelbeck Consulting Corporation, is very comfortable working with a Board of Directors and senior industry executives as shown in his role as Executive Vice President of the Ontario Produce Marketing Association.

Chuck brings with him over 20 years of experience in administration, delivery and compliance with private standards, federal and provincial legislation in Canada, the United States and Mexico. He also brings with him extensive background in the Plant Health and Phytosanitary Regulations for Canada during his eight years with CFIA as National Program Uniformity Officer.

Mr. Dentelbeck, received his MBA at Athabasca University, his BSc.(Agr.) at Nova Scotia Agricultural College and his horticulture Diploma at the Ontario Agricultural College.

One of his first priorities as President and CEO will be to get to know the CLSAB Members, our committee's and of course all our related working partners. We believe you will find Chuck to be an excellent communicator and a strong leader for the CLSAB. We are looking forward to his arrival as there is much work to be done. Please join Léandre and me in welcoming Chuck to the CLSAB staff.

Sincerely,

Gary Desrosier  
Chairman, CLSAB Executive Committee
